

Radiator Guard

Radiator Guards

Rigid in design, our radiator guards prevent prolonged physical contact with a hot radiator whilst not reducing the heat output like traditional covers. Our radiator guards are finished in a white plastic coating that is attractive and easy to clean. They are designed to cover the radiator whilst allowing easy access to the valves and for cleaning right up to the skirting boards

Mesh Used: 25mm pitch mesh

Fixing Lugs

The fixing lugs are welded to the guard during manufacture

Valve Access

On both sides of the guard, there is a 178mm (h) cut out as standard so you can gain access to the radiator valves

Specification

Type: Radiator Guard

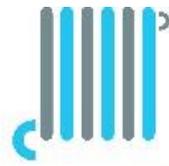

Top Design: Flat Top (also available with slopping top)

Manufacture: 25mm pitch mesh, 50mm turn under to allow for pipework under the radiator

Sizes: All sizes catered for (Please contact us for any bespoke requirements)

FAQs

Do You Offer a Survey or Installation Service?

If you would like us to arrange to carry out a survey of your heaters/ radiators and / or you would like us to install the radiator/Heater guards, please call us on 0161 413 0766 for further information. All of our team are DBS checked and are experienced in working in education and care environments.

How Do I Place an Order?

If you would like to proceed with an order please send us an email or fax confirming you are happy for us to proceed with manufacture using the sizes quoted.

Please note sizes cannot be changed once production has started so it's important to ensure accuracy.

What Payment Methods Do You Accept?

We are happy to offer credit terms to schools, nurseries, local authority and public sector businesses. For larger orders (over £500) we can offer our 'Safety Payment Plan' which allows you to spread the cost over 2 financial years.

Alternatively we accept payment by major debit/credit cards as well as cheques or BACS transfer, we are happy to provide a Pro-Forma Invoice prior to order.

When Will I Receive Delivery?

Lead times are normally 2-3 weeks from receipt of payment / order unless you have made special arrangements with our sales team.

How are my goods delivered?

All our products are delivered on the most economically sized vehicle in accordance with the size of the order. The customer must specify any delivery restrictions in advance. Specific dates or timed deliveries may incur extra costs. Please call for further information. You will receive an email notification the day we dispatch the goods notifying you of delivery the next working day between 8am and 9pm

If the delivery site requires a FORS registered delivery please be advised this may be chargeable.
